

THANK YOU

Dear Steve,

Almost six months since the wedding, and not a day goes by that we don't think of that incredible, indescribable day. One major part of making our day so special was your amazing dedication and performance as our D.J. You were everything we expected and even more. You were so attentive and accommodating, and most importantly so much FUN! Thank you so much for making our big day so special and creating an exciting, energetic atmosphere that we will never forget!

Sincerely, Lauren and Chris
