April 30, 2013

Dear Binh:

Thank you so very much for your willingness to donate your time and talent to March of Dimes March for Babies at Temple Ambler Campus on Sunday, April 28<sup>th</sup>. First, as a DJ, I know Sunday morning events are probably not your favorite 😊, but you arrived early and ready to get things started. As the 1500 walkers began to arrive on campus, they were greeted with a party atmosphere, that only loud music can provide!!

It was wonderful to be able to use your sound system during our morning program, and with very little guidance, you made announcements and helped keep the day of events flowing. As the walkers came back, you kept them engaged! I think my favorite part of the whole day (besides raising \$300,000 for healthier babies), was when I looked over and saw hundreds of people (many very small children) dancing and having a great time! One small child was sound asleep in her stroller as her mom and grandfather crossed the finish line. As soon as she heard the music, she opened her eyes and started moving her body. They couldn't get her out fast enough for her to start dancing! The music was appropriate and FUN for the crowd we had gathered of mostly families! You even stayed beyond the time we agreed on (I think I had to ask you to cut the music, so that people would leave!). Thank you!

Please know that the event would not have been the same without you. Many people participate in March for Babies because they believe in the mission of the March of Dimes, but others participate because they have a good time. I expect people will come back next year because of the fun they had this year. You will be part of that reason!

Thank you, again, and if you have no plans on Sunday, April 27, 2014 we would love to have you back...😊

Sincerely,

Traci M. Bruno
