

Kevin & Christine Yu – The Manor House at Commonwealth – January 11, 2014 – Silver Sound DJ Binh Nguyen

My wife and I used Binh Nguyen from Silver Sound for our wedding in January 2014 and could not be happier with our experience.

**Finding Our DJ:**

One of our must haves for our wedding was to have an incredible DJ. After spending far too much time looking into many different DJ companies, we reached out to Silver Sound along with four other companies. Silver Sound responded with a website link that had a list of DJs who were available for our wedding date. The website was very easy to use and allowed us to learn all about the DJs, including mix samples, equipment, and specialties. After reviewing the list of DJs, we chose to schedule an interview with Binh.

In our initial interview with Binh, he showed up completely dressed up. We initially thought he was heading to another gig afterwards, only to find out months later that he was dressed specifically for our interview. We spent well over an hour learning all about him and Silver Sound. What separated Binh from the other DJs we met was the fact that he did not do a hard sale on himself or Silver Sound. Instead, he took the time to understand what we wanted in our DJ and our wedding night. We left that meeting knowing we had found our DJ.

**Wedding Planning:**

Silver Sound and Binh made the wedding planning process incredibly easy. Their website took care of everything... where we could provide our playlist, wedding details, bridal shower names, do not play list, and so much more. Binh remained in close contact throughout the process and was quick to respond to emails and phone calls. A week prior to our wedding, he arranged for a video conference to go over all the final details. He was extremely helpful in providing suggestions for our night.

**Wedding Day:**

By the time we arrived at the reception, he was already set up in the reception hall and had music playing in our cocktail hour room. He was really patient and professional in working with our roudy party, and did an amazing job introducing our family and wedding party.

His music selection for dinner hour was perfect and exactly what we wanted, despite the fact that we provided him very little direction. For the dancing portion of the night, Binh played every song we put on our list, and even managed to fit in a most of the songs that we and our guests requested on the spot. His mixing abilities

were mind blowing, at times, mixing three different songs together. The dance floor never emptied at any point in the night. Many of our guests were saying that they wished we had another hour to keep dancing. A number of our friends and family also approached us asking for his contact information.

**Summary:**

Words cannot express just how great Binh was. Everything from his professionalism to his DJ abilities was everything that we wanted. He is very well-spoken, accommodating, and personable. You can tell he has extensive experience working at many different types of weddings, as he was able to provide us with much-appreciated recommendations.

We highly endorse Binh to anyone looking for the perfect DJ, and thank him and Silver Sound for helping us create a night we will remember for the rest of our lives.
