

THANK You

Dear DJ Taz,

Thank you so much for giving us the best wedding reception that we could ask for! Everything from your expertise, your outgoing and upbeat personality to the music playlist and lighting was more than we could've asked for. When we submitted our playlist to you, we did not anticipate that every song was going to be played. We were wrong! You played EVERY song and then some! Every one @ our reception keeps telling us how much fun they had and how fantastic the DJ and music was! We couldn't agree more! DJ Taz. We highly recommend you to ALL brides, grooms and anyone looking for a highly experienced DJ that is fun and really gets the party going. Feel free to use us as a reference anytime! Thank you again Taz!
