

"Music has always been a matter of energy to me. A question of fuel. Sentimental people call it inspiration, but what they really mean is fuel. I have always needed fuel. I am a serious consumer. On some nights I still believe that a car with the gas needle on empty can run about 50 more miles if you have the right music very loud on the radio."

Matty,

Thank you so much for taking the time + energy to understand our music vision. Just a token of gratitude for your hard work.

Best,
