

Jason,
I thank you for all of your help in preparation for the big day - my dance with my dad was awesome - could not of pulled it off without your help!

This little card just comes to say,

A great big "Thanks"

for sharing our special day.

The reception was a blast -- you really know how to create a "kick ass time"! You and everyone at Silver Sound DJ are great... thank you! Hope you are doing well. Happy Holidays. For always,
Derrick & Traci
