

May 13<sup>th</sup>, 2013

Dear Silver Sound,

I am writing to you regarding Paul Acker, who was our DJ for my mother's fundraising event on May 4<sup>th</sup>, 2013 at Jefferson Alumni Hall. The theme was "Dancing through the Decades" and it was a complete success!

Paul was extremely professional from start to finish—and not only for that evening, but from when he first "accepted" the job. Paul contacted me in a timely manner via both email and phone, and he was always willing and able to answer my questions and comments. Paul was punctual the night of the dance, and he was organized with his equipment, the songs that I had pre-selected, following my itinerary and schedule (Paul was most flexible with this category!), and he was patient with speeches, announcements, dance contests, soul line dance lessons, and "unexpected Karaoke" that went on throughout the fundraising event.

I feel very Blessed that Paul Acker was the DJ for our most important fundraising night in honor and memory of my mother; I will refer Paul whenever I can, and please feel free to use me as a reference for Paul with any future clients.

Thank you again, Steve, for putting Paul in touch with me. I truly appreciated his expertise, talent, and kindness.

Sincerely,

Kelly Kroll
